

Reaching together Code of Conduct

To make our school a bright, stimulating, welcoming environment where children are motivated to learn, **by walking in and around school, entering the buildings, rooms and assemblies in a quiet and sensible manner. Wearing appropriate clothing and footwear for different areas and activities.**

To make our school a place where children's confidence is nurtured in a secure and happy environment, **by following all safety rules and rota's for the use of apparatus and playground and field games.**

To make our school one where a strong sense of respect underpins all relationships, **by showing kindness, listening to each other and all adults in our school. Working in partnership.**

To make our school a place where every child is seen as an individual and there is a strong commitment to the children's fullest possible development, **by working our hardest, having the correct equipment in school and completing and returning homework on time.**

Reaching together

So that our children will grow up to develop a sense of personal and cultural identity, as well as an awareness of their own self worth and personal strengths, **through positive attitudes, our Friday award assemblies, certificates and sticker charts.**

Reaching together

So that our teaching and learning will build on our privileged position at the heart of our village community, whilst actively promoting an understanding of the diverse nature of the wider world, **by working hard to ensure that our school is a fair and unprejudiced place. All adults and children are encouraged to respect the beliefs and cultures of others.**

So that our teaching and learning will be enriched and stimulated through as many varied experiences as possible, **by only bringing into school appropriate or requested toys and articles.**

Primary School

Reaching together

to provide a caring, Christian ethos for the school, which inspires and excites a shared enthusiasm for life and learning.
