Linking with our Vision – Reaching together with Love, Joy and Peace (Galatians 5:22-23)

To provide a caring, Christian ethos for the school, which inspires and excites a shared enthusiasm for life and learning.

At Ivington CE Primary and Pre-school, through our strong Christian ethos and focus on nine important Christian values, we are committed to providing a deeply nourishing, spiritual, ambitious, and broad curriculum.

Our motto, 'Reaching together' underpins our belief in equality of opportunity for all, where we actively endeavour to promote understanding and appreciation of our diverse society and give each child a special place in the world where they feel valued, essential to our community and equipped with the necessary skills to make a positive contribution.

We perceive our role to be opening a 'Window on the World', through which our pupils are actively encouraged to develop respect for the beliefs and cultures which enrich their everyday lives and encourage others to do likewise.

We strive to eliminate inequality through our deep Christian ethos of respect and understanding of all groups in society, which ensures that everyone at Ivington will be treated fairly despite his or her creed, colour, disability, or gender.

More details are available in our Inclusion, Racial Equality and Equal Opportunities policies.

The health, safety, and welfare of all the people who work or learn at our school are therefore of fundamental importance. We aim to provide a safe, secure, and pleasant working environment for everyone. The governing body, along with the LA, takes responsibility for protecting the health, safety and welfare of all children and members of staff.

- sets out the lawful basis for processing personal data.
- identifies certain personal data as special category data and requires additional safeguards and processing requirements to be taken in relation to this sub-set.
- provides data subjects with a number of enforceable rights over their personal data.
- sets out the responsibilities and requirements of Data Controllers and Data Processors.
- gives regulatory and enforcement powers to the Information Commissioner Office (ICO)
- requires Data Controllers to report data breaches that will or are likely to result in a risk to the rights and freedoms of data subjects to the ICO.

Further information and guidance relating to the legislative requirements of the UK GDPR and DPA can be found at <https://ico.org.uk/>.
