

**Ivington C of E
Primary and
Pre-school**

*Reaching together with the Fruit of the
Spirit (Galatians 5:22-23)*

**Early Year's Gifted and Talented
Policy**

Approval of the Governing Body

This document is a statement of the aims, principles, and strategies for:

Early Year's Gifted and Talented Policy

At

Ivington C.E. (VA) Primary and Pre-school.

It was revised during the:

Summer Term 2024

It has been agreed and is supported by the teaching staff and the governing body.

We aim to review this policy during the:

Summer Term 2026

Or sooner if necessary.

Linking with our Vision – Reaching together with Love, Joy and Peace (Galatians 5:22-23)

To provide a caring, Christian ethos for the school, which inspires and excites a shared enthusiasm for life and learning.

At Ivington CE Primary and Pre-school, through our strong Christian ethos and focus on nine important Christian values, we are committed to providing a deeply nourishing, spiritual, ambitious, and broad curriculum.

Our motto, 'Reaching together' underpins our belief in equality of opportunity for all, where we actively endeavour to promote understanding and appreciation of our diverse society and give each child a special place in the world where they feel valued, essential to our community and equipped with the necessary skills to make a positive contribution.

We perceive our role to be opening a 'Window on the World', through which our pupils are actively encouraged to develop respect for the beliefs and cultures which enrich their everyday lives and encourage others to do likewise.

We strive to eliminate inequality through our deep Christian ethos of respect and understanding of all groups in society, which ensures that everyone at Ivington will be treated fairly despite his or her creed, colour, disability, or gender.

More details are available in our Inclusion, Racial Equality and Equal Opportunities policies.

The health, safety, and welfare of all the people who work or learn at our school are therefore of fundamental importance. We aim to provide a safe, secure, and pleasant working environment for everyone. The governing body, along with the LA, takes responsibility for protecting the health, safety and welfare of all children and members of staff.

Gifted and Talented Children Policy

At Ivington Pre-school we plan our teaching and learning so that each child can aspire to achieve their full potential.

The purpose of this policy is to help to ensure that we recognise and support the needs of those children in our nursery who have been identified as 'gifted' and/or 'talented' and extend their learning to challenge them further.

'Gifted' refers to a child who has a broad range of achievement at a level well above average, typically in the more academic subjects.

'Talented' refers to a child who excels in one or more specific fields, typically those that call for performance skills, such as sport or music, but who does not necessarily perform at a high level across all areas of learning.

We do ensure all children are fully supported and challenged by:

- Working together with parents and carers to establish starting points on entry to nursery
- Observing, assessing and planning activities in line with the individual child's needs and interests
- Providing challenging next steps to enhance the learning opportunities
- Where applicable, working with the nursery SENCO (see SEND policy), other services and professionals to ensure we can fully support the child's individual needs
- Working with the child's school to provide activities that will stretch the child further in line with the child's future curriculum
- Support transitions by providing key information to the next provision.

We ensure staff are aware of some early development signs of children that may be gifted and talented including:

Gifted children in language and literacy:

- Are able to read and respond to a range of texts at a more advanced level
- Use a wide vocabulary and variety of words in conversations and play
- Are able to write fluently and with little support

Gifted children in mathematics:

- Explore a broader range of strategies for solving a problem
- Establish their own strategies for problem solving
- Are able to manipulate numbers in a wide range of ways, e.g., adding, subtracting.

The management monitors all outcomes for children by tracking cohorts and individual children across the whole setting. This will include the gifted and talented children. Management will ensure that all children are progressing at an appropriate rate from their starting points through challenging and supportive activities and opportunities.
